Chapter 89, Public Laws of 1990 places limits on Municipal expenditures. Commonly referred as a "CAP," it is actually calculated by a method established by law.

The actual calculation is somewhat complex, but in general it works as follows. Starting with the figure in the 2008 Budget or Total General Appropriations, the following 2008 Budget figures are subtracted: State and Federal Programs, Capital Expenditures, Emergency Appropriations up to 3%, Debt Service, Cash Deficit (if approved by the Local Finance Board), Reserve for Uncollected Taxes, maintenance of Free Public Library, Joint Library or Public Library, Funds from Sale of Municipal Assets under certain circumstances, Type 1 School Debt Service, State Aid Agreement, Interlocal Service Agreements and certain other expenses exempted by statute. Take the resulting figure and multiply it by .035 and this gives you the basic "CAP" or the amount of appropriation increase allowed over the 2008 Total General Appropriations. Chapter 70 Public Laws of 2004 also provides that where the Cost of Living Adjustment Rate is less than 3.5% (2.5% for 2009) the municipality may, by ordinance increase the CAP to 3.5%.

## CAPITAL BUDGET AND CAPITAL IMPROVEMENT PROGRAM

This section is included with the Annual Budget pursuant to N.J.A.C. 5:30-4. It does not in itself confer any authorization to raise or expend funds. Rather it is a document used as part of the local unit's planning and management program. Specific authorization to expend funds for purposes described in this section must be granted elsewhere, by a separate bond ordinance, by inclusion of a line item in the Capital Improvement Section of this budget, by an ordinance taking the money from the Capital Improvement Fund, or other lawful means.

CAPITAL BUDGET

-A plan for all Capital expenditures for the Current fiscal year.  
If no Capital Budget is included, check the reason why:

- Total capital expenditures this year do not exceed \$25,000, including appropriations for Capital Improvement Fund, Capital Line Items and Down Payments on Improvements
- No bond ordinances are planned this year.

CAPITAL IMPROVEMENT PROGRAM

- A multi-year list of planned capital projects, including the current year.  
Check appropriate box for number of years covered, including current year:

- 3 years. (Population under 10,000)
- 6 years. (Over 10,000 and all county governments)
- \_\_\_\_ years. (Exceeding minimum time period)
- Check if municipality is under 10,000, has not expended more than \$25,000 annually for capital purposes in immediately previous three years, and is not adopting CIP.

NARRATIVE FOR CAPITAL IMPROVEMENT PROGRAM

The Capital Improvement Program presented herewith, is an estimated projection of Capital Projects for the next six years. It should be noted they the foregoing does not represent an appropriation of funds for the purposes listed, but merely a plan of capital improvements that are being contemplated in 2009 and the ensuing 5 years. A funding authorization is required in the form of a budget appropriation or capital ordinance before monies are available for the projects outlined in this section. Every effort has and will be made by the Governing Body to plan improvements which are responsive to the needs of the community. Should unanticipated needs arise, the capital program will be revised or amended accordingly.
